

# DISADVANTAGED BUSINESS ENTERPRISE PUBLIC SEARCH REPOSITORY

## OVERVIEW AND DISCLAIMERS

The Disadvantaged Business Enterprise Repository is a searchable database designed to

- Assist prime contractors in identifying Disadvantaged Business Enterprises (DBEs);
- Provide a summary of the type of service each DBE provides;
- Provide contact information for DBEs certified in the State of Indiana;
- Assist the public in determining whether a business is certified with the State of Indiana as a DBE or an Airport Concession Disadvantaged Business Enterprise (ACDBE).

This repository contains INDOT's most up-to-date information, but we cannot guarantee the accuracy of the data included herein. INDOT does not guarantee the accuracy of the specific DBE Codes and NAICS Codes assigned to DBEs within the repository. This repository is updated on a weekly basis or as new information becomes available.

This repository includes information pertaining to DBEs and ACDBEs only. For a listing of certified Minority Business Enterprises (MBEs) and Women Business Enterprises, please refer to the website of the Indiana Department of Administration: [http://www.in.gov/idoa/files/Cert\\_List\(32\).xl](http://www.in.gov/idoa/files/Cert_List(32).xl)

Neither the DBE repository nor this training manual constitute legal documents and should be used only for the purposes set forth above. This training manual is for educational purposes only and is intended only for use with the PeopleSoft System. Any questions concerning data contained herein should be directed to Lakisha Riley at [lriley@indot.in.gov](mailto:lriley@indot.in.gov).
